Land acknowledgement

Arts Revelstoke honours the land that we live on and recognizes all that it has given and continues to give. We seek to reciprocate wherever possible through arts and education.

We recognize that we are on the homeland of the Sinixt, who stewarded this land and waterways since time immemorial. The Secwépemc, too, frequented this land and care for it to this day. The Syilx and Ktunaxa also have ties to this region. We honour their traditions and cultures.
