RAINBOW DANCE THEATRE: ILUMIDANCE

SATURDAY FEB 10 | 3:00 PM

ADULT \$15 | YOUTH \$5

Dancing light! In this interactive performance, audience members get to see three dances featuring electronic costumes, props and puppets. The light wire technology not only enchants the audience with professional dance, it gets them excited about the "technology" component of STEM learning.

The dance artists reveal how they use the STEM engineering design process to create innovative new technologies in dance art, such as wearable electronic costumes and electronic puppets.

ALEX ZERBE: THE ZANIAC

SUNDAY MAR 3 | 3:00 PM

ADULT \$15 | YOUTH \$5

With the energy of 1,000 suns, Alex Zerbe moves like a rubber band from one end of the stage to the other. Beatboxing, juggling, dancing, singing, music and magic are just a few of the things that led Piers Morgan of America's Got Talent to call this physical comedian, "The Total Package." The "Professional Zaniac," who's been cracking jokes onstage for almost 15 years, zigzags between physical stunts and non-stop comedy.

During the show vegetables are sliced in half by flying playing cards, flaming torches and bowling balls are juggled with ease and every audience volunteer leaves the stage in triumph.

KIDS THEATRE

The priest says he's an imposter. Pilgrims flock to see him.

Battling the elements in one of Canada's deepest lakes, with depths of up to 1000 ft, the grueling expedition tests even the hardest members of the team.

But as the search goes on, the team stumbles upon a more intimate discovery surrounding the townsfolk who call these remote mountains in British Columbia home.
